SINDERCOR LIGHT

Dalle prove di resistenza al graffio dei laminati più significativi nasce «Sindecor Light» di Lamalegno, con la possibilità di creare diverse soluzioni con profili in laminato sia a poro chiuso che aperto.

«Sindecor Light» collection is the result of the most advanced scratches endurance tests performed by Lamalegno on laminated boards. Therefore, it offers a variety of solutions based on the use of top-quality laminated boards, both with open and closed pores.
